## Public Notice: Merrimack Valley Metropolitan Planning Organization Proposed Action, Public Hearings, and Comment Period

The Merrimack Valley Planning Organization (MVMPO) hereby gives notice of the availability of the following proposed action(s) for public review and comment:

### MV Moves (Merrimack Valley's Regional Active Transportation Plan Update)

The above referenced action(s) are available for review on the Merrimack Valley Planning Commission (MVPC) website ([www.mvpc.org/mvmppo](http://www.mvpc.org/mvmppo)) and are described below. The Merrimack Valley Metropolitan Planning Organization (MVMPO) invites the public to discuss the proposed action(s) and provide comments.

- **Location:** Virtual via Zoom links below
- **Date:** October 16, 2024
- **Time:** 1pm and 4pm
- **Format:** No formal presentations will be given; however, staff will be available to discuss the draft and receive comments. Comments will be provided to the MVMPO Board to inform their consideration of plan endorsement.
- **Alternative ways to Participate:** Written comments may be sent to [transportation@mvpc.org](mailto:transportation@mvpc.org).

#### Proposed Action(s):

MV Moves—the region's updated active transportation plan—builds upon the work that has been completed by previous planning efforts and seeks to advance priority active transportation and placemaking projects, such as implementing pedestrian amenities (benches, lighting, public art) – that encourage mode shift, create pleasant recreational opportunities, and support economic development in our town and urban centers. Phase 1 of the project is open for release. This portion of the document focuses on the prioritization of concept projects to improve the region's overall network. Phase 1 includes an existing conditions assessment. This assessment informed the plan's prioritization process. Phase 2, which will focus on placemaking near active transportation nodes, will be completed next year.

Phase 1 of the plan is open for public comment. The plan can be accessed at: [mvpc.org/atp](http://mvpc.org/atp).
